

# CALL FOR PAPERS: Special issue of IJCSA on Computational Intelligence

**Special Issue Editors:**

- Ambuja Salgaonkar
- Manish Joshi

**Deadline for submission:** May 20, 2014

**Tentative publication date:** August 2014

## Introduction

A special issue of the International Journal of Computer Science and Application (IJCSA) (<http://www.tmrfindia.org/ijcsa/>) is planned and will be dedicated to theoretical aspects of computational intelligence and variety of its applications in different domains.

Prospective authors are invited to submit their original unpublished research and application contributions. Comprehensive tutorial and survey papers can also be considered for this special issue. The authors who presented their papers in International Conference on Computational Intelligence (ICCI-2014) are also invited to submit their work after accommodating reviewers comments and experts comments during presentation.

Over the past few years, we observe great use of computational intelligence techniques for various applications. Recent trends in soft computing enable applications in areas of big data computation, medical image processing, brain science, cognition and reasoning, network and security etc.

The authors are invited to submit their original work in all areas of computational intelligence including, but not limited to the following:

Neural Networks,  
Learning Systems,  
Machine Learning,  
Fuzzy Systems,  
Rough set based Systems,  
Evolutionary Computing,  
Evolutionary Algorithms,  
Differential Evolution,  
Swarm Intelligence,  
Memetic Computing,  
Multi-agent Systems,  
Data Mining,

Applications of computational intelligence techniques to bioinformatics, games, big data computing, healthcare, business intelligence, e-learning and environment

## Submission Process

All manuscripts will be reviewed as a cohort for this special issue.

Manuscript should be submitted through EasyChair conforming with the instructions to authors given below:

Potential author(s) should submit the following as a **zip** file:

- a potential manuscript must use the IJCSA style format (MS Word or LaTeX and PDF), but a blind paper, without author names, (the templates can be obtained from <http://www.tmrfindia.org/ijcsa/submit.html>)
- a list of keywords (up to eight or ten) and AMS subject classification (primary, secondary),
- a letter to the editor, that should include, names, affiliations, the abstract, and a brief resume,

EasyChair link: <https://www.easychair.org/conferences/?conf=icci14>.

Please select 'Special Issue of IJCSA on Computational Intelligence' track.

## Timeline:

Deadline for paper submission:	May 20, 2014
Notification of acceptance:	June 20, 2014
Updated version of papers:	July 10, 2014
Publication:	August 2014

## Contact information:

### **Ambuja Salgaonkar**

Department of Computer Science,  
Mumbai University, Kalina Campus, Santacruz, Mumbai.

### **Manish Joshi**

School of Computer Sciences,  
North Maharashtra University, Jalgaon, MS, India.
