

# International Journal of Computer Science and Applications

## Referee Report

Paper Id: \_\_\_\_\_

Referee's Name: \_\_\_\_\_

Paper Title: \_\_\_\_\_

1. Type of paper: *(Choose the appropriate choice.)*

Research results      Survey      Tutorial      Speculative

2. Category in which the paper best fits in: *(Choose the appropriate choice.)*

- a) Big data technologies, data visualization and data-driven innovation.
- b) Semantic Web technologies, Social Web, smart social systems.
- c) Multimedia information management.
- d) Machine intelligence with specific emphasis on:
  - agents, diagnostic and decision supporting systems
  - data and web mining;
  - neural networks, fuzzy systems, rough set theory, chaos theory and evolutionary algorithms;
  - reasoning, knowledge extraction and knowledge management.
- e) Other (Specify \_\_\_\_\_ )

3. Please rate the paper on the following features. *(Choose the appropriate choice.)*

Item	Poor	Unattractive	Acceptable	Good	Excellent
Potential interest to CS community					
Significance of the main idea(s)					
Originality of the work					
Technical quality of the paper					
Awareness of related work					
Clarity of presentation					

4. How confident are you in your rating of this paper? Circle the relevant option.

Very	Adequate	Unsure
------	----------	--------

5. Comments (if any) for the Editor's use:

---

---

---

---

---

6. Comments to be communicated to the author. If require please use a separate sheet (the referee's identity will not be disclosed to the authors). If you have recommended the paper for rejection then please try to explain why you did so, in a constructive manner.

---

---

---

---

---

---

---

7. Overall Evaluation for consideration as a regular paper (Please tick the appropriate choice):

Definite Accept	Marginal Accept	Likely Reject	Definite Reject
-----------------	-----------------	---------------	-----------------

---
